

DAU's Leadership Development Program Ranked #1

For the past 21 years, Leadership Excellence magazine rates the best leadership development programs. In 2005, over 500 were surveyed and the best leadership development programs were judged by the following criteria: vision, involvement, measurement, curriculum, delivery, reach, value, and impact on the organization. Among these top organizations, DAU was awarded 1st place in the government / military category and was featured in the August 2005 issue of Leadership Excellence Magazine. DAU's success in this rigorous competition with leading leadership development organizations and institutes is eloquent testimony to the dedication, technical excellence, and proven results of its faculty and staff. Other highly-ranked programs in the Government/Military category include the service academies, Army Rangers, Navy SEALs, the FBI Academy, and the Baldrige Award. Some 500 organizations were surveyed across all categories.
